Cutting-edge HR & Payroll.

Simply manage your payroll.

Features & Benefits

Control of Your Payroll

isolved includes a full payroll preview that puts you in control of your own payroll processing, alerting you to potential errors before you process.

Cutting-Edge Features

isolved People Cloud is a full HCM platform with payroll and HR, along with the other key features, including Workforce Management, Engagement Management, and Talent Management.

Garnishments

The system imitates the language of the court to ensure accuracy.

Managed Taxes

The isolved payroll tax filing ends the multistate, multilocation tax filing nightmare.

Certified Payroll

Helps ensure that workers on federal projects are paid fairly and their contractors are in compliance.

Employee Self-Service

Easily access pay stubs online to save time and money.

Total Data Security

Multilayered security strategy and SSAE-16-certified data centers protect your data.

Plus, all the features you need to process payroll quickly and accurately:

- Direct deposit and pay cards

- Integrated time-tracking options, including physical clocks, a robust mobile app, and self-service

- Federal, state, and local tax filing

- Anytime, anywhere access

- Self-service access to pay stubs and W2 forms

Let us help you process payroll quickly and accurately with isolved Payroll.
